

Product Name :
Conveyor Trainer Motion Control Trainer

Product Code :
POL-MEC0002

Description :

Conveyor Trainer Motion Control Trainer

Technical Specification :

Boundary dimension: 1240(L)× 720(W)× 1300(H) mm (drawer don't stretch out)
Max. Sorting speed: 20 times/ minute
Continuous automatic sorting operation time: 24hours continuous sorting times: 28800times/day
Rated working power supply: AC:220V 50 Hz Main work power:1.2 Kw
Rated working air pressure: 0.3-0.4 MPa
Work environment: temperature-10°C~35°C relative humidity?85%(25°C)
We supply suitable spare parts according to experiment requirement, our products take aluminum structure, A4 paper dimension aluminum and plastic hanging box structure.
