

**Product Name :**  
Benkelman Beam**Product Code :**  
CHINAELABC2710014**Description :**

Benkelman Beam - Excellent for use in a wide range of bitumen and asphalt testing industrial procedures. It's the ideal tool for use in an bitumen and asphalt testing engineering workshop.

**Technical Specification :**

Operating on a simple lever arm principle, the unit consists.  
Lightweight Aluminium construction  
Ease of Transportation  
Unique Telescopic Design Simplifying Field set up  
Compact, Thereby reducing the amount of storage space needed.

Supplied with carrying case.

Benkelman Beam utilizes the technique of using balanced beam in conjunction with a suitable vehicle to measure road flexure.

The improved Benkelman Beam is a convenient, accurate device for measuring the deflection of flexible pavements under moving wheel loads.
