

**Product Name :**  
CNC Plasma Cutting Machine**Product Code :**  
CHINAELABC2540003**Description :**

CNC Plasma Cutting Machine

**Technical Specification :****FEATURE:**

High Stability- the advanced mechanism designs ensure the high performance of the dynamic response.  
Reduce the finishing work- as the cutting error is very small, so can reduce the work piece reworking.  
Automatic height tracking system- Automatic level control systems with fast response characteristics have guaranteed the quality under the condition of high-speed cutting.  
Easy Installation and maintenance- Reasonable modular design is convenient for assembly and maintenance.

**SPECIFICATION:**

Automation Grade: Automatic  
Machine Type: CNC Cutting Machine  
Finishing: Powder Coated  
Max Cutting Length: 0-500 mm, 500-1000 mm  
Max Cutting Speed: 500-1000 mm/min  
Max Cutting Thickness: 15 mm  
Max Cutting Width: 500-1000 mm  
Accuracy:  $\pm 0.02$ mm  
Repeatability precision:  $\pm 0.02$ mm
