Automatic Level

**Technical Specification :**

Automatic level (magnification 24X) feature enhanced reliability under all environmental conditions tough and compact bodies are more tightly sealed against water, humidity and dust.

Increased productivity over an extra-long period of time.

Reliable Automatic Compensator, Precise

Four superhigh tensile suspension wires and magnetic damping system ensure accuracy and stability even when exposed to temperature changes, vibrations, or shock.

**Superior Telescope:**

We provides automatic level exceptionally bright and sharp view that reduces operator's eye strain.

Ultra-short focus distance of 20cm (7.9in.) from end of telescope makes it easiest to use in confined locations.

**Quick Collimation :**

Two knobs of endless horizontal motion drives can be operated with either hand for fast and easy aiming.
