

Product Name :

Wing Compass

Product Code :

CHINAELABC2550029

**Description :**

Wing Compass

Technical Specification :**FEATURES:**

Bearing surfaces of the legs are large enough to prevent side deflection

Bow spring is strong and flexible

Adjustment is centrally located in the legs to assure smooth action

Fulcrum stud is hardened

Round legs and solid nut

SPECIFICATION:

8" 200mm Divider Caliper Wing Compass

Metal Marking Circles Machinist Wood

Size: 8" 200mm

Compass a drawing instrument used for drawing circles and arcs.

Wing Compass a compass, often large, for scribing arcs and circles, with an arced wing that helps to steady the legs in use, and with a locking screw on the arc to hold the legs firmly in position.

Divider a drawing instrument similar to a compass but with two points.

Used for dividing lines and stepping off distances.
