

Product Name :
Band Saw Machine

Product Code :
CHINAELABC0040001

Description :

Band Saw Machine

Technical Specification :

This is floor standing Industrial bandsaws range designed for frequent use in the busy workshop or training situation. It has a powerful, smooth running induction motor, large cutting capacities, steel and cast iron construction and is manufactured to the standards of Industrial Machines. It offers excellent safety features including an electro-mechanically braked motor, key release emergency stop switch and safety interlocked doors. Other features include a cast iron table, balanced, cast iron wheels, two blade drive speeds, heavy duty blade bearing guides throughout, mitre fence and an exceptionally rigid rip fence with an easy to read magnifying scale. Fitted with 2 x 100mm dust outlets for excellent dust control when fitted to a suitable extractor. One often overlooked feature in a bandsaw is the ease of changing the blade, this machine has a quick release blade tensioning lever which substantially speeds up the blade changing process.

Power: 1,500W

Blade speed: 430 & 850 m/min

Blade length: 3327mm

Blade width(Min/Max): 3mm/25mm

Max width of cut: 410mm

Max depth of cut: 300mm

Table size: 600 x 430mm

Table tilt: 10° – 0 – 45 °

Table height: 950mm

Dust Extraction Outlet: 2 x 100mm

Type: PBR
