

Product Name :
LCR Capacitor Transistor Meter Transistor Diode Tester

Product Code :
CHINAELABC4420007

Description :

LCR / Capacitor / Transistor Meter Transistor / Diode Tester, AutoRange, hfe, Breakdown Voltage

Technical Specification :

Measuring protection voltage of varistor.
Measuring starting voltage of neon bulb, neon lamp.
Measuring constant voltage value of 78, 79 series three-pole circuit.
Dimension : 150(H) × 100(W) × 70(D)mm
3 ½ Digit LCD Display, 2000 Counts, Data Hold Function, Auto Range
