

Product Name :
Electronic Coulomb Meter Charge Measuring Device

Product Code :
CHINAELABC4450002

Description :

Electronic Coulomb Meter Charge Measuring Device

Technical Specification :

Easy to use
High sensitivity
Steady deflection in an output meter proportional to the charge fed into it
Solid state design consisting of an amplifier, an integrator and a buffer
Large scale meter
Time saving
Two terminals are provided for capacitor
Discharge switch provided
Charge switch provided
Meter reset switch provided
