

Product Name :
Wattmeter Analog Portable Single Phase

Product Code :
CHINAELABC4230006

Description :

Wattmeter Analog Portable Single Phase

Technical Specification :

Rated Accuracy : $\pm 1.0\%$ of full scale value as per ISS 1248/84 between 10% to 100% of the scale for Single phase UPF Wattmeters

$\pm 1.5\%$ of full scale value as per ISS 1248/84 for Three Phase Wattmeters

$\pm 1.5\%$ of full scale value as per ISS 1248/84 for 0.2 P.F. (LPF) Single Phase Wattmeter

$\pm 3^\circ$ (Electrical) as per ISS 1248 for Power Factor Meters

Note : All Wattmeters are calibrated at $\cos f = 1$ and Varmeters at $\sin f = 1$

All Low Power Factor Watt meters are calibrated at $\cos f = 0.2$ lag

Other voltage and current ranges can be supplied on request, subject to technical feasibility
