

Product Name :

Field Density Kit

Product Code :

CHINAELABC2690077

**Description :**

Field Density, Specific Gravity & Relative Density - Field Density Kit

Technical Specification :

Cylindrical core cutter 100mm inner dia x 130mm long with bevelled cutting edge and having wall thickness of 3 mm.

Steel dolley 100 mm inner dia x 25 mm high.

Rammer with steel rod for driving the core cutter.
