

Product Name :

Density Bottle

Product Code :

CHINAELABC2690110

**Description :**

Field Density Specific Gravity and Relative Density - Density Bottle

Technical Specification :

It is performed as per IS:2720 (Part-I). Suitable for determination of specific gravity of fine soils. The apparatus consists of a 50 ml density bottle with capillary vent leak proof stopper.

It is performed as per IS:2720 (Part-I). Density bottle of 100 ml with capillary vent leak proof stopper.
