

**Product Name :**  
Data Acquisition System

**Product Code :**  
CHINAELABC2690178

**Description :**

Static Cone Penetration Test - Data Acquisition System

**Technical Specification :**

The data acquisition system has been designed to be used with any of the above cones. It has I.P. 65 protection and has a serial communication port to be used with standard Laptop.

Software for Piezo cone

Supporting software for Piezo cone operates in windows. It is used friendly and can be used for reporting. All plotting is done on  $x - t$  basis.

Features of the software are :-

- Cone resistance
- Local sleeve friction
- Pore pressure
- Total load
