

Product Name :
Digital Concrete Test Hammer

Product Code :
CHINAELABC4880001

Description :

Digital Concrete Test Hammer

Technical Specification :

Concrete hammer is an integrated digital concrete test hammer which combines data processor and test hammer into one unit.

It is widely used for non destructive testing quality of concrete and building materials in finished structure or prefabricated blocks.

From its rebound value, the compressive strength of concrete can be calculated out automatically.

All testing data can be stored in memory and transferred to PC by USB cable or wireless by Blue tooth.

Display: OLED digital

Measuring range: 10-100N/mm²

Accuracy: $\pm 0.1R$

Impact energy: 0.225kgf.m (2.207Nm) for testing ordinary building and bridge construction

Communication: USB2.0 or Bluetooth (optional)

Storage: 1000 parts, 256 data for each part

Operating temperature: -40°C~60°C

Power supply: 3.7V Li-ion rechargeable battery charged via USB port
