

Product Name :
Vibro Consistometer

Product Code :
CHINAELABC5080001

Description :

Vibro Consistometer

Technical Specification :

For determining the consistency of concrete mixtures(5-30s)with the aggregate size less than 40mm.

Amplitude (with empty container): 0.5mm

Vibrating frequency: 50Hz

Counter weight: 2750g

Slump cone size: 100x200x300mm (upper diameter x bottom diameter x height)
