

Product Name :
Cement Materials Test Mill

Product Code :
CHINAELABC5090001

Description :

Cement Materials Test Mill

Technical Specification :

Cement test mill is used to grind cement clinker and other materials in the laboratory.

Inside dia. of barrel and length: ?500x500mm

Grinding medium: 100kg

Material size: Loading capacity: ?5kg

Barrel speed: ?48r/min

Grinding time: ?30min
