Product Name:

Polishing Grinding Machine

Product Code: CHINAELABC5220002

Description:

Polishing Grinding Machine

Technical Specification:

Grinding and polishing machine can effectively replace previously manual grinding and polishing processes, which greatly saves labor, improves processing quality, and elevates sample preparation efficiency.

Grinding disc diameter: 230mm Abrasive paper diameter: 230mm

Rotating speed: 900r/min

Electromotor: 0.2kW, 380V, 50Hz
