Product Name:

Grinding and Polishing Machine Touch Screen

Product Code: CHINAELABC5220003

Description:

Grinding and Polishing Machine Touch Screen

Technical Specification:

Disc diameter: 300mm

Abrasive paper diameter: 300mm

Disc speed: Stepless speed 100~1000r/min

Disc rotational direction: Clockwise or counterclockwise Disc electromotor: DC brushless motor, 220V, 1.2kW

Head electromotor: Stepper motor, 200W Head speed: Stepless speed 20~120r/min

Timing set: 0~99min Sample Holding Qty.: 6pcs

Sample holder: ?25mm, ?30mm, ?40mm

Specification: Custom specification is acceptable

Pressure method: Individual pressure or central pressure

Individual pressure force: 0~50N Central pressure force: 0~160N

Control and display: 7 inch LCD touch screen

Power supply: 220V, 50Hz, 8A
