

**Product Name :**  
Portable Metallic Materials Hardness Tester

**Product Code :**  
CHINAELABC523007

**Description :**

Portable Metallic Materials Hardness Tester

**Technical Specification :**

Portable hardness tester can measure the hardness of all metallic materials. +

Measuring range: (170~960) HLD

Resolution accuracy:  $\pm 6$ HLD,  $\pm 1$ HRC,  $\pm 5$ HB

Communication storage: 100 measurement series (relative to average times 32~1), USB1

Working time: About 150 hours (with default brightness)
