

**Product Name :**  
Analog Battery Operated Insulation Tester 5KV

**Product Code :**  
CHINAELABC4470004

**Description :**

Analog Battery Operated Insulation Tester 5KV  
Analog Battery Operated Insulation Tester 5KV  
Analog Battery Operated Insulation Tester 10KV

**Technical Specification :**

Battery powered; Model 19522 battery mains powered  
Test voltages of 2500V;5000V;10,000V DC  
Resistance up to 400 Giga ohm  
Dual color coded scales for high and low resistances  
Automatic change of high and low resistances ranges  
Low power consumption  
Hard carrying case with test leads
