

Product Name :
DC High Voltage Test Set 50kV/15mA

Product Code :
CHINAELABC4470007

Description :

DC High Voltage Test Set 50kV/15mA

Technical Specification :

Panel mounted controls & indicators with easy to read legend.
Continuously variable output from zero to full voltage.
Low end ground test.
Multi range analogue kV meter and current meter.
Fast acting overload circuit breaker.
Zero start interlock.
Indicators: Mains on, HT On/Off & Breakdown.
Input: 220 volts \pm 10 %, 50/60 hz ac single phase.
Output: 0-50 kv, 15 ma dc peak. Polarity can be reversed. Ht end on insulator & other end at earth potential.
Rating: 100 % - 10 minutes : 50 % - continuous.
