

Product Name :
Bitumen Emulsion Tests Distillation of Emulsified Asphalt

Product Code :
CHINAELABC5440013

Description :

Bitumen Emulsion Tests Distillation of Emulsified Asphalt

Technical Specification :

Ring burner
Aluminum alloy still
A glass connecting tube with water-cooled condenser
Tube shield
Adapters and Holders
Crown receiver
Metal base supports
Graduated cylinder 100 ml capacity
Thermometer ASTM 8C (-2 to +300°C) subdivision 1°C
