

Product Name :
Bitumen Emulsion Tests Particle Charge Tester

Product Code :
CHINAELABC5440014

Description :

Bitumen Emulsion Tests Particle Charge Tester

Technical Specification :

The equipment comprises of following items
Digital Milliammeter scale up to 10 mA on support base
Variable resistor
Two stainless steel electrodes
Insulating device
Glass rod
Rehostat-2000 ohms
Overall Dimensions: 700 X 350 X 240(L X W X D) mm
Beaker: 250 ml
Battery: 12 v
Ammeter: 0.1 amp
Power Supply: 250 Volts, 1ph, 50/60Hz
