

Product Name :
Specific Gravity Test Apparatus for Bituminous Mix with 5 Ltr Flask

Product Code :
CHINAELABC5440021

Description :

Specific Gravity Test Apparatus for Bituminous Mix with 5 Ltr Flask

Technical Specification :

For determination of bulk specific gravity of bituminous mixes.
Complete with Vacuum Pump, Moisture Trap, 5 Liters capacity filter flask, rubber bung, high pressure rubber tube of 1.5 meter length and instruction manual.
