

Product Name :
Centrifugal Governor

Product Code :
CHINAELABC4170002

Description :

Centrifugal Governor

Technical Specification :

Kinetics and kinematics of the following centrifugal systems
Porter governor
Proell governor
Hartnell governor
Adjustment of centrifugal governors
Recording the governor characteristic curves and setting curves
Calculation of the structural design and adjustment of different governors
Visualisation of the effect of centrifugal force
How various centrifugal systems work
Determination of characteristic curves and setting curves of different centrifugal governors
