

Product Name :
Propeller Velocity Flowmeter**Product Code :**
CHINAELABC3070005**Description :**

Propeller Velocity Flowmeter

Technical Specification :

Propeller Velocity Flowmeter Measurement of velocities in clean conductive fluids within the range 25 to 1500mm/sec (up to 3000mm/sec with high speed probe) Operation in confined spaces with limited intrusive effects Suitable for both laboratory and field applications battery powered (rechargeable) and fully portable Measurements are indicated on the digital and may be connected to a data logger for later analysis.
