

Product Name :

Melting Pot

Product Code :

CHINAELABC2650018

**Description :**

Melting Pot

Technical Specification :

Melting Pot is used for melt Capping compound.

This pot comprises a metal container in a well lagged steel jacket thermostatic control and stand by heat switch are fitted.

Supplied complete with lift off cover.

Specification:

Dimensions (H x W): Internal 140 x 150 mm And External 250 x 165mm

Capacity: Pot capacity is 2.4 litres

Capping Pot Compound: We use for capping the ends of concrete cylinders to be tested and also available 5 kg packs.

Rated Power: Melting rated power up to 750 W

Temperature: Melting pot temperature 40 to 340° C

Melting Pot Warmer: Supplied with cover and handle an electrically heated and thermostatically controlled bath for melting the capping compound.

Suitable for operation on Single Phase 230 Volts A.C.

Concrete Testing Lab Equipment, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Concrete Testing Lab Equipment schools and teaching staff. Buy wholesale China Concrete Testing Lab Equipment Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Concrete Testing Lab Equipment China, Experiment Equipment suppliers China, and factory in China
