

Product Name :
Digital Sieve Shaker**Product Code :**
CHINAELABC2690005**Description :**

Digital Sieve Shaker

Technical Specification :

This sieve shaker has been specially designed to operate with heavy samples without loss of performance. It is equipped with a dynamic power source which ensures the right vibration is imparted to the sieves and sample for fast, accurate and reproducible tests.

Non-corrodible and non-metallic springs makes it a maintenance-free device.

The shaker is fitted with a timer which can be preset to any duration up to 60 minutes.

This Sieve Shaker is fitted with a very efficient clamping device that ensures sieves are held firmly without over-tightening and allows them to be quickly removed and replaced.

The vertical movement is fixed to ensure the sample spends maximum time on the sieve surface.

The unique vibratory action also helps keep the apertures clear and free from binding.

Soil Testing Lab Equipment, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Soil Testing Lab Equipment schools and teaching staff. Buy wholesale China Soil Testing Lab Equipment Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Soil Testing Lab Equipment China, Experiment Equipment suppliers China, and factory in China
