

Product Name :
Speedy Moisture Meter

Product Code :
CHINAELABC2690014

Description :

Speedy Moisture Meter

Technical Specification :

A Speedy Moisture Meter apparatus is used to quickly determine the moisture content of the materials in a powder form viz. sand, soil, coal, cement, pottery slip etc.
An acetylene gas is generated when a calcium carbide comes in contact with the moisture.
A fixed quantity of the calcium carbide is mixed with the weighted quantity of the sample, and then the whole mixture is shaken well in a vessel where a pressure gauge is being fixed.
The pressure which is developed by the acetylene gas, produced in the vessel and the pressure gauge calibrated to read the moisture percentage.
This instrument indicates the moisture percentage on wet weight basis which is easily convertible to the dry weight basis.
Our speedy moisture meter equipment precisely measure the material characteristics of soil, stone, aggregates, water and other products that are the vital ingredients in construction projects.
Sealing cap capacity is 6 gms it is consists of a pressure vessel with clamp.
Speedy Moisture Mete pressure gauge calibrated in percentage moisture content on the wet weight basis, Digital balance for weighing sample, a scoop for measuring.
A : Pressure gauge calibrated 0-50% x 0.50%
B : Pressure gauge calibrated 0-25% x 0.25%
Specifications :
The Speedy Moisture Meter consists of the following:
Consist of a 6 Gms capacity pressure vessel with a clamp for the sealing cap.
A rubber sealing gasket.
A pressure gauge calibrated in percentage moisture content on the wet weight basis.

A Digital balance for the weighing sample.
A scoop to measure the calcium carbide reagent.
A bottle of the reagent.
A set of four steel balls for mixing.
A polished wooden carrying case, with handle.
One cleaning brush.

Soil Testing Lab Equipment, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Soil Testing Lab Equipment schools and teaching staff. Buy wholesale China Soil Testing Lab Equipment Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Soil Testing Lab Equipment China, Experiment Equipment suppliers China, and factory in China

Engineering Lab China
