

Product Name :
Spectro Sample Polisher Machine

Product Code :
CHINAELABC2720006

Description :

Spectro Sample Polisher Machine

Technical Specification :

Compact design:- Inside and outside, our products come with excellent finishing.

Durable quality:- Spectro sample polisher is made up of high-quality steel that is rust-resistant and lasts for long years.

Less maintenance:- Products come with advanced features that do not require frequent cleaning and replacement of components.

Power costing on the outer body makes it more shiner.

Other Details:

Anti Fungal, Rust Proof Paint

Machine to suite the Disc Housing and to cover the Disc Plate by 180 Degrees for safety

Made Up of Steel with Air Gripping Arrangement to Alundum Disc and with Locking System to Keep the Alundum Disc in Position

At the back of the Disc Housing, the Pipeline connected to the Dust-Collecting Unit

In Continues Process, there is Noise Less Operation

Specifications :

Working type - Automatic

Power source - Electric

RPM - 1440

Power consumption - 3-6 KW

Voltage consumption - 220 V

Abrasive Disc - 300 to 350 MM Diameter

Suction motor - 1 hp minimum, 2800 rpm, 415V AC, 50hz.

Disc motor - 2 hp or better, 1440 rpm (minimum approx), 3ph, 50hz, 415 vac
Air suction rotation speed - Approx. 1500 Rpm
Machine Stand - Motor Starter on Machine Stand
Disc Plate - Made of Steel
Disc Housing - Cost Iron
Weight - 100 – 1200 KG.

Steel Testing Lab Equipment, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Steel Testing Lab Equipment schools and teaching staff. Buy wholesale China Steel Testing Lab Equipment Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Steel Testing Lab Equipment China, Experiment Equipment suppliers China, and factory in China
