

Product Name :
Precision Laboratory Incubator

Product Code :
CHINAELABC2740018

Description :

Precision Laboratory Incubator

Technical Specification :

Precision High-Performance Incubators for sample protection and maximum usability
Precise Sterilization, Incubating and drying in one unit.
Better mineral or glasswool blanket insulation keeps the surface Instrument from being burnt.
Easy-to-use for digital interface and silicone gasket
Ideal large scale for labs culturing bacteria
3" fiberglass insulation temperature uniformity
Power surges built-in circuit breaker protects against
Internal electrical socket use of instrumentation within the incubator
Technical Parameters :
Temperature Range: Ambient to 70 °C
Temperature Stability: Microprocessor Based PID Temperature +-1°C Controller +- 0.5°C Or better
Housing Material: CRC or Powder Coated Mild Steel
Interior: Polish stainless steel 304 grade Sheet
Insulation: Glasswool or Ceramic Blanket
Duty Cycle: Continuous
Optional: Double colour gate for the top panel request
Digital Setting: 0.1 °C
Digital Resolution: 0.1 °C
Power Consumption: 220/230V Single Phase, AC +- 10% 50Hz and 3 phase 440V
Optional: Customer demand outer Stainless Steel 304 grade body
Front Door: Glasswool or mineral wool with glass door window

Digital Setting: 0.1 °C

Laboratory Equipment and Accessories, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Laboratory Equipment and Accessories schools and teaching staff. Buy wholesale China Laboratory Equipment and Accessories Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Laboratory Equipment and Accessories China, Experiment Equipment suppliers China, and factory in China

Engineering Lab China
