Product Name:

Precision Laboratory Incubator

Product Code: CHINAELABC2740018

Description:

Precision Laboratory Incubator

Technical Specification:

Precision High-Performance Incubators for sample protection and maximum usability

Precise Sterilization, Incubating and drying in one unit.

Better mineral or glasswool blanket insulation keeps the surface Instrument from being burnt.

Easy-to-use for digital interface and silicone gasket

Ideal large scale for labs culturing bacteria

3" fiberglass insulation temperature uniformity

Power surges built-in circuit breaker protects against

Internal electrical socket use of instrumentation within the incubator

Technical Parameters:

Temperature Range: Ambient to 70 °C

Temperature Stability: Microprocessor Based PID Temperature +-1°C Controller +- 0.5°C Or better

Housing Material: CRC or Powder Coated Mild Steel Interior: Polish stainless steel 304 grade Sheet Insulation: Glasswool or Ceramic Blanket

Duty Cycle: Continuous

Optional: Double colour gate for the top panel request

Digital Setting: 0.1 °C Digital Resolution: 0.1 °C

Power Consumption: 220/230V Single Phase, AC +- 10% 50Hz and 3 phase 440V

Optional: Customer demand outer Stainless Steel 304 grade body Front Door: Glasswool or mineral wool with glass door window

Digital Setting: 0.1 °C

Laboratory Equipment and Accessories, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Laboratory Equipment and Accessories schools and teaching staff. Buy wholesale China Laboratory Equipment and Accessories Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Laboratory Equipment and Accessories China, Experiment Equipment suppliers China, and factory in China
