

Product Name :
High Temperature Convection Oven

Product Code :
CHINAELABC2740019

Description :

High Temperature Convection Oven

Technical Specification :

Precise hot Air Drying and Sterilization

Better Mineral / Glasswool / Blanket Insulation surface of the instruments from being Burnt

Kanthal super quality coil shaped heaters duly embedded better accuracy.

Unique Design of silent hot air blower, air Circulation provide temperature distribution and throughout uniform air movement

Stainless steel polish 304 grade interior resistant operation for different height.

Technical Parameters :

Housing Material: CRC or Powder Coated Mild Steel

Control Temperature: 100°C to 350°C.

Duty Cycle: Continuous

Insulation: High Temperature Ceramic Blanket

Temperature Range: Ambient to 100°C

Temperature Stability: +_ 2°C

Power Consumption: 220/230V single phase, AC +- 10% 50Hz, 440V 3 Phase for Temperature requirements

Laboratory Equipment and Accessories, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Laboratory Equipment and Accessories schools and teaching staff. Buy wholesale China Laboratory Equipment and Accessories Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Laboratory Equipment and Accessories China, Experiment Equipment suppliers China, and factory in China

Engineering Lab China
