

Product Name :
Triple Beam Balance

Product Code :
CHINAELABC2740049

Description :

Triple Beam Balance

Technical Specification :

Well-equipped to weigh solids, liquids, powders or even animals.
Effective magnetic damping of Triple-Beam Balances coupled with appropriate beam capacity reduces oscillation and speeds weighing process.
Comes with: stainless-steel pan, scoop, 6 in. dia. plate or plastic animal container.
Capacity is 2610g, when used with Weight Set.
High-speed throughput allows for more weighings in less time.
Beams are easy to read because of their high-contrast markings, while an end-reading device eliminates parallax.
Precision ground pivots and patented self-aligning agate bearings to ensure reproducibility.
Easy zero adjustment remains firmly in place, while deep-notched, tiered beams with diecast, center-reading poise ensure correct positioning.
Nonmagnetic stainless-steel bearing covers and rust-resistant weighing platforms.
Heavy zinc base for exceptional stability, a tamper-resistant poise removable from only one spot on the beam, and attachment weights with recessed pivots to keep them from slipping or falling.

Laboratory Equipment and Accessories, tools, products and systems for engineering lab and engineering teaching vocational education. At Engineeringlabchina get practical educational equipment for Laboratory Equipment and Accessories schools and teaching staff. Buy wholesale China Laboratory Equipment and Accessories Manufacturers. Engineeringlabchina high quality Technical Education Equipment products at the best price from China. Laboratory Equipment and Accessories China, Experiment Equipment suppliers China, and factory in China
